Member Engagement Opportunities

SME Events

- Participate in premiere SME-produced and partnered events including RAPID + TCT, FABTECH, and more, to network and showcase your latest manufacturing technologies.
- Join the North American Manufacturing Research Conference (NAMRC) to connect with top researchers and stay at the forefront of manufacturing advancements.
- Engage with your local manufacturing community through networking, professional development, and regional collaboration at local chapter events.

Thought Leadership

- Speak at major industry events, conferences, chapter meetings, webinars and manufacturing career-centered forums.
- Mentor the next generation through the Bright Minds College Experience.
- Serve on SME committees to influence industry standards and practices.

Networking Opportunities

- Participate in chapter meetings to connect with industry peers and leaders.
- Engage in online forums to expand your network and share insights.
- Host plant tours for local professional or student chapters to showcase your company's capabilities and innovations.
- Take on leadership roles as a chapter officer to enhance your visibility and influence.
